Explanation of Responses:

- Represents performance units for which the achievement of the second stock price target was certified by the Compensation Committee on September 17, 2025 based on the volume-weighted average closing price of the Issuer's common stock during a consecutive 30-day trading period. The performance units will vest on November 15, 2025, subject to the Reporting Person's continued employment with the Issuer through the vesting date.
- Each performance unit represents a contingent right to receive one share of the Issuer's common stock. The performance units may vest, if at all, between 75% and 400% of the target grant date value based on the Issuer's common stock achieving certain stock price targets during a 3-year performance period (subject to a 29-trading day extension in certain circumstances). Stock price targets will be achieved based on the volume weighted average closing price of the Issuer's common stock during a consecutive 30-day trading period.
